¶1. Summary: The purpose of this cable is to notify Washington legal offices of USAID, the Department of State and the Department of Justice of an administrative labor claim filed by a Honduran National. Also, this cable seeks Department guidance on stopping a GOH pattern of repeatedly transmitting such cases to the U.S. Mission in Honduras. In the present case, a Honduran national was offered employment by USAID/Honduras based on a temporary security clearance, and subsequently not hired when she failed to obtain a permanent security clearance. The claim was submitted to the Ministry of Labor and the transmitted to USAID through the Ministry of Foreign Affairs of the Republic of Honduras. 13. Short description of the nature of the legal suit, proceeding, or action: Ms. Fromm was selected by competitive process to fill an FSN PSC position as USAID/Honduras' Project Management Specialist for Education. On 11 September, 2003, the Regional Security Office provided an initial 'temporary' security clearance for Ms. Fromm's initial period, NTE 120 days. Based on the foregoing, and on Medical Clearance, USAID/Honduras/EXO signed a contract with Ms. Fromm on 23 September. By 10 October, the RSO had determined based on further information that Ms. Fromm would not be eligible for a security certification for full employment. USAID/Honduras/EXO immediately informed Ms. Fromm that she would not be eligible for employment under the authority in the contract, clause A.6.3 which states "The contract is contingent on Security and Medical Clearances. If the Security and Medical Clearances are not granted, the contract will be terminated effective immediately." NOTE: Ms. Fromm had not yet entered on duty at the time she received notice that she would not be granted the full security clearance. On 19 December, 2003, USAID/Honduras received Ms. Fromm's request for a reconciliation hearing.

14. Mission observations and proposed course of action.

1A. Mission proposes to deny Ms. Fromm's request for a reconciliation hearing with the USAID Executive Officer on the basis that Mr. Kester is an accredited diplomatic agent under Article 31 (1) of the Vienna Convention on Diplomatic Relations and enjoys complete immunity from criminal jurisdiction of Honduras and comprehensive immunity from the civil and administrative jurisdiction of Honduras. In addition, under Article 31 (2) of the Vienna Convention, Mr. Kester is not obligated to provide evidence as a witness.

1B. Furthermore, the Mission proposes to put the Ministry of Foreign Affairs on notice to prevent future transmittal of administrative labor claims such as this one, four of which have been transmitted in the past year, naming accredited diplomatic agents in civil matters under practices set forth in the Honduran Labor Code.

1C. Mission proposes to respond by diplomatic note which, in addition to rebutting the claim from Lidia Fromm, will provide general terms so that any future such claims that subject the U.S. Mission administrative labor cases under Honduran law could be returned to the MOFA with reference to the present dipnote, and no futher discussion.

15. Am/Embassy Tegucigalpa seeks concurrence with this proposal, or appropriate alternate guidance.
